## Mountain Biking Waiver

I give permission for my son/daughter indicated below to bring a mountain bike to school and to mountain bike at or near the school in the following capacities:

- 1. unsupervised recreational mountain biking either on or off IPS premises
- 1. organized recreational mountain biking on or off IPS premises

I understand and accept that, in the case of unsupervised recreational mountain biking either on or off IPS premises, my son or daughter will NOT be supervised by an adult in any fashion whatsoever.

I understand and accept that, even in the case of organized recreational mountain biking (e.g. an IPS mountain biking club), my son or daughter will NOT be fully supervised at all times.

I understand and accept that mountain biking is a potentially dangerous sport that can and does cause bodily harm, and that by giving my child permission to mountain bike according to the capacities listed above, I do not hold the school in ANY way liable for ANY injuries, mishaps, or accidents that occur as a result of mountain biking or ANY activity or action that takes place while watching, mountain biking, or otherwise participating in recreational mountain biking.

I understand and accept that the school nonetheless reserves the right to confiscate a student's mountain bike or otherwise stop a student from mountain biking (either on or off IPS property) if:

The student is biking in a fashion that is dangerous to him or herself, or others.

The student uses derogatory language while mountain biking.

The student is verbally abusive or disrespectful of others while mountain biking.

The student brings a mountain bike, clothes, and/or accessories to school that have words or images on them that are vulgar and offensive, or otherwise degrading of the human condition.

I have read this waiver in its entirety and I understand and accept all the conditions therein.
